

Tube 50 Adjustable

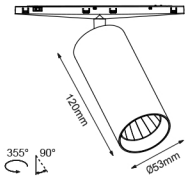

- installation on Low Voltage Track(48V)
- Extruded Aluminum body serves as an excellent heat sink
- high efficiency reflector and COB engines to make this compact  $\Phi$ 50mm module up to 1500lm lumen package ideal for commercial applications
- built-in DC/DC converters, offering DALI(DT6&DT8), Triac, Casambi and 0-10V dimmable solutions

OPTICS

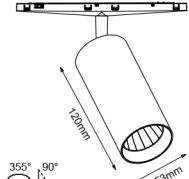

TR11.M28 (short-stem for low-profile tracks only)
